Following the success of the well known congress

The European Continuous Casting Conference has become an established event in the conferences of the iron and steel producing industry. First held in Florence in 1991, it is still held regularly every 3 or 4 years. In 1994 in Düsseldorf, 1998 in Madrid, 2002 Birmingham, 2005 Nice, 2008 Riccione, 2011 again Düsseldorf, 2014 in Graz, 2017 in Vienna and for the last time 2021 in Bari, Italy. The upcoming 11th European Continuous Casting Conference from October 7 to 11, 2024 in Essen (Germany) will be organized by the Steel Institute VDEh.

This **ECCC** will cover the main topics of continuous casting. This conference is the forum of the European continuous casting community. Experts meet here to exchange views on the status and future development of the continuous casting process.

The conference program provides information on the latest developments in control and automation, advanced continuous casting technologies and continuous improvement of product quality. Steel metallurgical issues will be addressed as well as their physical and numerical simulation. The exchange of experience from operating practice and maintenance will complement the program.

Scope and topics

- Plant Operational Practices, Results and Maintenance
- Plant Construction and Design, new CC Plants
- Metallurgy and Flow Control in Tundish
- Fluid Flow in the Mould, Lubrication and Solidification
- Product Quality Control and Detection of Surface Defects
- Electromagnetic Stirring in the Mould and in the partly solidified Strand
- Soft Reduction
- Cooling Technologies
- Near Net Shape Casting
- Controlling Systems / Modelling and Simulation / Industry 4.0

We are very happy to welcome you in Essen!
Steel Institute VDEh

Platinum Sponsor

19,500 EUR (Main Sponsor)

On site

- 18 sqm booth area, preferential position in the exhibition area, booth construction is not included
- Highlighted company display during breaks
- Includes full registration for 6 attendees
